The Soul Love™ Roadmap for Couples

HERE'S WHAT THE PATH OF SOUL LOVE LOOKS LIKE FOR A COUPLE...

The path of Soul Love™ shows us that **loving is a journey not a destination. It's an experience not a result.** If you want to enjoy lasting intimacy in a relationship where the love runs deep and the passion stays hot, then your journey of love will take you to many beautiful destinations along the way. The steps along your path will open your heart, deepen intimacy, and ignite true ecstasy when bodies unite. Here's the best part... There's a clear roadmap with specific mile markers, street signs, and detailed directions to guide you... and your body, heart, and soul provide the vehicle for soulful ecstasy!

It doesn't matter how new your relationship is or how many decades you've been together. It doesn't matter if only one of you wants to jump on the path... It only takes one step by one person and love changes... intimacy awakens.

Here's what you do need to know before you set off on your journey. It might surprise you... it might irritate you... it might excite you. The truth is simply that your journey to Soul Love begins with you. Even if you've been married for years, it begins with you. It starts with being you all the time everywhere. **It means giving up ever twisting yourself into a pretzel trying to make love work.** That might sound scary, but stay with me.

As a matter of fact, the path of Soul Love is a 3-part journey. It starts with the first phase that I call **Ecstatic Authenticity**, which means **it feels soooooo good to be you that you never again settle for less than your desire. You never again sell yourself out for anything or anyone.** How would it be to have a relationship that gets better... hotter... deeper... more loving... because you stop pretending, stop trying to be the right thing, and you are simply you? That's really how it works. **That's the foundation of Soul Love!**

I am the creator and founder of Ecstatic Intimacy™ (formerly known as the Center for Happiness, Love and Pleasure), where I offer programs, events, and mentoring to men and women that empower them to put the hot and happy back into love. I like to say, "There are too many nice guys who 'finish last'," too many successful women who can't seem to find a great man, and way too many people who find themselves in the friend-zone!"

As *The Soul Love Mentor,* I am committed to inspiring anyone who hungers for deeper love and intimate pleasure... to find and create a relationship that is an expression of ecstatic authenticity, intimacy, and ecstasy.

I combine deep experience in masculine-feminine dynamics with my many certifications including Advanced Certified Tantra Educator, Accredited Journey Practitioner, Certified Partner Yoga Instructor, and Visionary Leadership Coach.

Formally an Electrical Engineer with an MBA, I now live life to remind men and women of the power and potential of love — showing them how to reconnect with themselves and each other in profoundly loving, deeply intimate, and ultimately freeing relationships.
